

## Analyzing Assessment to Determine Individual Child Goals - Social and Emotional Development

1. Choose a partner.
2. Work together to look at the assessment information brought by one of you on a child.
3. What does the information tell you about the child's social and emotional development?
4. Consider the social and emotional development goals of your curriculum.
5. What skills does this child have?
6. What are two goals you might identify for this child in social and emotional development?
